The System for Time and Attendance Reporting
(STAR 5.0 Web-Based Version)

STAR 5.0

STAR 5.0

The System for Time and Attendance Reporting (STAR 5.0 Web-Based Version) is designed, developed, and maintained by the National Finance Center (NFC). It provides capability for (1) online entry of time and attendance (T&A) and leave data and (2) online release of data to NFC for processing.

STAR 5.0 is accessed from a Web browser, providing easy-to-use Web navigation.

Main Features of STAR 5.0

- Enter T&A data at any time during the pay period.

- Record employee leave data.

- Transmit T&As to NFC via an online process.

- Print T&As for approval or certification by the timekeeper, employee, and supervisor.

- Import an employee's most current T&A and leave balances from the NFC database.

- Retrieve online help for each STAR 5.0 field and window.

- Access STAR 5.0 from any computer with Internet capabilities and a valid NFC user ID.

- Prepare corrected T&As for current and 25 prior pay periods.

- Maintain T&As for current and 25 prior pay periods.

- Retrieve transmission and leave error reports through STAR 5.0.

New Features

- Allows for employee daily entry via the Employee Personal Page (EPP) Time Manager (Optional - must be activated by contact point).

- Offers timekeeper entry for Daily (Optional - must be activated by contact point) and Bi-weekly T&A processing.

- Allows the ability to establish default schedules to use as a starting point each pay period.

- Provides for project accounting via the agency accounting table.

- Allows for agency maintenance of accounting and transaction code tables.

- Contains a database defined to the Focus Reporting System (FOCUS).

STAR 5.0 Advantages

- Database resides at NFC, allowing backup and archive functions to be performed by NFC.

- Version updates and built-in Help documentation are maintained by NFC and available to the timekeeper immediately.
